Nissan Primastar CrewCab

The ultimate solution for transporting people and cargo safely together

Northern Truck Bodies in conjunction with Snoeks Automotive B.V., the double cabin specialist for Europe has developed a double cabin especially for the Nissan Primastar.

By adding a second seat row with an integrated partition wall it is possible to convert your closed panel van into a double cabin at all times. The perfect solution for the combined transport of people and material. Safe, comfortable and efficient.

THE ULTIMATE SOLUTION FOR TRANSPORTING PEOPLE AND CARGO SAFELY TOGETHER

Obviously the double cabin applies to the highest European safety standards. The construction is N1/M1 approved by 20G pull tests on frame and seatbelt connection points. The in height adjustable and tilting headrests are fully M1 tested. The seats are equipped with approved threepoint seatbelts. The separation wall is designed to meet the DIN 75410-3 standard for load shifting protection.

Next to safety, comfort is one of the starting points of the development process. The location of the bench has been worked out in a way that both leg room and load area are maximized. The deep seat, the high seatback and the inclination of the seatback, are resulting in an unequalled comfort.

Also design plays an important role when developing a double cabin. Materials and shapes are as close to OE-design as possible, including floor, side wall covers and headlining. The fine designed partition wall separates load and passenger compartment completely. Additional load space under the rear passenger bench extends the load area to allow practical storage of longer items like ladders.

DIMENSIONS

STANDARD ACCESSORIES

- Material ABS-plastic
- Luxury design wall and window
- Benchcover without pocket
- Additional load space from behind under the seats
- 3x3-point safety seatbelts
- Headrests adjustable in height and tilting
- Cushion set original upholstery (fabric or vinyl)
- Step-in cover ABS-plastic
- Floor mat 2nd seat row
- Grey GRP-panel underside right fixed wall
- Ashtray
- Headlining ABS-plastic with cloth

	L1/H1	L2/H1
A:	4782	5182
B:	3098	3498
C:	1968	2495
D:*	1400	1800
E:**	1260	1660
F:***	815	815
G:	450	450
H:****	350	350
I:	420	420
J:****	190	190
K	1840	2240

* Measured at 200 mm height.

** Measured at 750 mm height.

*** Measured in relation to fixed co-drivers bench.

**** Width of opening in partition wall 910 mm.
